## EMBRACE TEXAS & CONFIDE RESEARCH

---

Confide was able to help sponsor a child at Embrace's "Child to Family Connection" event. Embrace puts on this event to allow prospective adoptive parents to get to know children who are available for immediate adoption, without an in-person introduction that would put the children unnecessarily on display. Each child is featured at their own table which captures the unique personality and interests of the child being sponsored.

Confide brought their sponsored child to life for prospective parents by providing Nikes, art supplies, a Panda Express gift card, a plush reading pillow, and more, allowing the child's spirit and individuality to shine through. After the event, all of the table items are delivered to the sponsored child for them to keep and enjoy.
